

Welcome Faculty Representatives

COURSE OF ACTION

“It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood, who strives valiantly; who errs and comes short again and again; because there is not effort without error and shortcomings; but who does actually strive to do the deed; who knows the great enthusiasm, the great devotion, who spends himself in a worthy cause, who at the best knows in the end the triumph of high achievement and who at the worst, if he fails, at least he fails while daring greatly. So that his place shall never be with those cold and timid souls who know neither victory nor defeat.”

-----Theodore Roosevelt

STATE ACTION

Nebraska State Education Association
605 South 14th Street • Lincoln, Nebraska 68508

<http://nsea.org/>

Everything that happens in public school classrooms across this state is affected by legislation and politics. From curriculum to standards to testing to funding to teacher certification, the decisions made from the White House to the statehouse affect students, parents, education employees and, in fact, all citizens of our state.

The Nebraska State Education Association and the National Education Association work to ensure public officials have the information they need to make public policy decisions that promote high student achievement, quality teachers and adequate funding for public education.

COURSE OF ACTION

“Whatever course you decide upon, there is always someone to tell you that you are wrong. There are always difficulties arising which tempt you to believe that your critics are right. To map out a course of action and follow it to an end requires courage.”

---Ralph Waldo Emerson
